1. Babergh land supply

The meeting was informed that Babergh now has a 5 year land supply. This includes our existing agreed developments of 41 and 7 properties.

2. Babergh Local Plan

The initial Babergh Local Plan consultation document is not expected to be available until Autumn 2018 with a further consultation document expected in January 2019. The Babergh Local Plan is now expected to be adopted during the winter of 2019/2020.

3. Site assessments

AECOM will be undertaking site assessments in the village. It is expected that a draft report will be available for us in about 3 to 4 weeks time.

4. Elmsett Neighbourhood Plan

The meeting then discussed at great length our Neighbourhood Plan, including site allocation, with a view to producing an agreed draft copy. This draft copy will then be distributed to the members of the Steering Group and a period of proof reading and amendments will be undertaken to enable us to produce the final Plan ready for printing and the launch of the plan to the residents.
